jay@medtrustcapital.com

The SBA is tightening its belt and will now **require 10% down** on ALL practice acquisitions in 2018.

There is **no flexibility on this from the SBA.**

But--

MedTrust Capital Group has found a loophole.

We'll still offer 0 down practice acquisition financing and 0 down commercial real estate financing (or a combination of both) for healthcare professionals of all specialties in 2018. Our loophole is completely legal and fairly easy.

Want to know how we do it?
